HERO Clinic Series

Specification sheet · HERO Clinic 6000 · 8400 · 12000

Up to 4 users · up to 8,000 ml/min hydrogen

High-output hydrogen systems for clinics, spas and wellness centres. Four hydrogen outlets let up to four people share a session.

- **PEM electrolysis:** N115 perfluorinated proton-exchange membrane; hydrogen and oxygen produced as separate streams
- **Twin 3 L water tanks**, dual touchscreen control panels
- **Aluminium housing** on castor wheels

General wellness devices. Not FDA-approved; no medical claims are made.

Model comparison

Specification	HERO Clinic 6000	HERO Clinic 8400	HERO Clinic 12000
Total gas output (H_2 + O_2)	6,000 ml/min	8,400 ml/min	12,000 ml/min
Hydrogen output	4,000 ml/min	5,600 ml/min	8,000 ml/min
Oxygen output	2,000 ml/min	2,800 ml/min	4,000 ml/min
Hydrogen purity	99.99%	99.99%	99.99%
Outlets	4 hydrogen · 2 oxygen (up to 4 users)		
Output pressure	0–0.2 MPa		
Water tanks	2 × 3.0 L · distilled or purified water		
Input voltage	110–240 V AC, 50/60 Hz (wide-voltage, suitable for worldwide use)		
Dimensions (L × W × H)	420 × 440 × 590 mm		
Weight (net)	34 kg	35 kg	36 kg
Housing	Aluminium, castor wheels		
Certifications	CE (EMC and LVD), RoHS, FCC; manufactured under ISO 9001 and ISO 13485		
Warranty	2-Year Warranty		

Operation and care

1. **Placement:** on its castors near a power outlet, in a ventilated room. No plumbing is needed.
2. **Water:** fill both 3-litre tanks with distilled or RO-purified water only. Tap water damages the electrolysis cells, and that damage isn't covered by the warranty.
3. **Between clients:** cannulas are single-client consumables; wipe down the housing after each session.
4. **Extended shutdown:** drain both tanks first.

Warranty, delivery and support

Warranty	2-Year Warranty from delivery: free replacement parts with step-by-step video fitting guides; shipping paid by us in year 1. Full terms: hydrogenmachinesusa.com/warranty
Returns	90 days
Delivery	Free delivery with tracking, duties and taxes paid, to the USA and Australia.
